

DELIVERABLE L2 — DOSE ALLOCATION SCENARIOS, Q1–Q2 2021

Order BC-2020-117

Prepared by: Clara Vasseur, Thomas Le Gall

Reviewed by: Julien Marchetti

Date: 19/01/2021

Scenario A — pro rata of the volumes contracted at EU level.

Scenario B (recommended) — front-load deliveries from Vaxellis SA in February–March 2021 and secure an additional regional allocation, on the basis of the delivery schedule presented by the manufacturer.

Scenario C — prioritise the supplier with the shortest cold-chain constraints.

Recommendation: Scenario B.
